

25 percent for six months, an average production. If we put those...I think your intent is that, but I had exactly the same questions that Senator Bernard-Stevens had, or do you think that is necessary?

SENATOR KRISTENSEN: Well, if you are more comfortable with it, I don't have an objection to that, I guess, I (interruption)...

SENATOR BROMM: I am not going to vote against it the way it is, but I just want to be sure that if somebody looks at this, that they interpret it the way that I believe your intent is.

SENATOR KRISTENSEN: If you'd like to amend it, I probably wouldn't object to that amendment.

SENATOR BROMM: Thank you.

SPEAKER WITHEM: Thank you, Senator Bromm. Senator Kristensen, you are recognized to close.

SENATOR KRISTENSEN: Thank you. Mr. President, members of the Legislature, again, this amendment merely requires that the facility not only meet the 25 percent nameplate design capacity level before the end of this year, but that it also maintain that for a six month period of time to be eligible for the credit. This is to prevent somebody from just doing it for an afternoon or for a few days before the end of the year and not...well, then becoming eligible for credits, and then for a period of time after that dribble along, if you will, and maintain those credits. So I would urge the adoption of this amendment.

SPEAKER WITHEM: You've heard the closing. The question is the adoption of the Kristensen amendment. All those in favor vote aye, opposed vote nay. Record.

CLERK: 29 ayes, 0 nays, Mr. President, on the adoption of Senator Kristensen's amendment.

SPEAKER WITHEM: The Kristensen amendment is adopted. Anything further on AM1076?

CLERK: Nothing further on 1076, Mr. President.

SPEAKER WITHEM: We are back to now discussing the adoption of
